### REPORT

According to the Hindu calendar, Ugadi or Yugadi, also known as Samvatsardi (meaning "beginning of the year"), is New Year's Day. It is observed in the Indian states of Andhra Pradesh, Telangana, Karnataka, and Goa. On the first day of the Hindu lunisolar month of Chaitra, it is celebrated in these areas. According to the Gregorian calendar, this usually takes place in late March or early April. It also occurs in Tamil during the months of Panguni or Chithrai, occasionally on the day following Amavasya with the 27th Nakshatra Revati. The first New Moon following the March Equinox is where Ugadi Day turns.

The day is observed by painting vibrant designs called Muggulu on the floor, hanging torana—mango leaf decorations—on doors, purchasing and giving gifts like new clothing, helping the needy, giving oil massages and special baths, making and sharing pachadi, and visiting Hindu temples. A well-known celebration dish called pachadi mixes all flavors, including sweet, sour, salty, bitter, astringent, and spicy. Hindu traditions in Telugu and Kannada use it as a symbolic warning to expect all kinds of experiences in the next new year and make the most of them. Followers of the Souramana calendar system observe Ugadi in Karnataka, which is

Hindus have celebrated Ugadi for a very long time. Inscriptions and literature from the Middle Ages describe significant charity contributions made on this day to Hindu temples and community organizations. Hindus celebrate the same day as their New Year in several other regions of India, including Gudi Padwa in Maharashtra and Mauritius, where it is a national holiday.

### REPORT

A flash mob is a group of individuals who spontaneously gather in a public space, put on a short performance, and then leave. They frequently do this for amusement, satire, or artistic expression. Flash mobs can be planned using technology and social media.

The phrase, which was first used in 2003, is typically not used in reference to political gatherings (such as protests), commercial advertisements, publicity gimmicks involving public relations firms, or paid experts. Instead, the phrase "smart mobs" is frequently used in similar situations where the social action in question has a predetermined goal.

### REPORT

A Hindu celebration honoring the birth of the god Ganesha is called Ganesh Chaturthi , also known as Vinayak Chaturthi .Ganesha's clay idols are placed both privately in houses and publicly on ornate pandals (temporary stages) to mark the celebration. Vedic hymns and Hindu texts are chanted, along with prayers and fasting (vrata). Since modaka is thought to be Ganesha's favorite sweet, it is included in the offerings and prasada from the daily prayers that are given to the community from the pandal. The event comes to a close 10 days after it began when the idol is submerged in a local body of water after being carried in a public procession while being accompanied by music and group singing.

### Report

Krishna Janmashtami also known simply as Krishnashtami, Janmashtami, or Gokulashtami, is an annual Hindu festival that celebrates the birth of Krishna, the eighth avatar of Vishnu. In certain Hindu texts, such as the Gita Govinda, Krishna has been identified as supreme God and the source of all avatars. Krishna's birth is celebrated and observed on the eighth day (Ashtami) of the dark fortnight (Krishna Paksha) in Shrawana Masa (according to the amanta tradition) or Bhadrpada Masa (according to the purnimanta tradition). This overlaps with August or September of the Gregorian calendar.

It is an important festival, particularly in the Vaishnavism tradition of Hinduism. The celebratory customs associated with Janmashtami include a celebration festival, reading and recitation of religious texts, dance and enactments of the life of Krishna according to the Bhagavata Purana, devotional singing till midnight (the time of Krishna's birth), and fasting (upavasa), amongst other things. It is widely celebrated across India and abroad.

### REPORT

A student receives a diploma upon graduation when a school grants it to them. It might also be referring to the connected ceremony. Graduation day is a common name for the day of the graduation ceremony. Other names for the graduation ceremony include commencement, congregation, convocation, and invocation.

Graduation ceremonies have existed since the eleventh century, when the first universities in Europe were founded. Latin was the academic language at the time. A guild of masters holding a teaching licence is known as a universitas. The words "degree" and "graduate" are derived from the Latin word gradus, which means "step". Getting admitted to a bachelor's programme was the first step. The graduate was granted admittance to the university and a teaching licence in the second step, the masters step. Graduation clothing often consists of a gown, hood, or headgear adopted from the mediaeval staff uniforms of universities, which were in turn based on the garb worn by mediaeval clergy.

### REPORT

In the world of sarvepalli radhakrishnan teachers should be the best minds in the country. He believed that teachers have the potential to create change and transform children's life. They play a vital role in shaping a student's character and personality. The teachings of good teachers always linger in the memories of children which they cherish forever.

Their positions do not confine to classroom teaching but go beyond that. The connection and the bond they form with children, that extra push to work harder and the appreciation for the work done well, all come from a teacher. A great teacher makes learning enjoyable and exciting. They engage students through a stimulating environment and thus bring out the energy of the children.

They try to provide alternative solutions and pacify the child. Whenever the student needs help to excel, a life-changing teacher will be available for them. A teacher can change a student's life..

**New Year** is the time or day at which a new calendar year begins and the calendar's year count increments by one. Many cultures celebrate the event in some manner. In the Gregorian calendar, the most widely used calendar system today, New Year occurs on January 1 (New Year's Day, preceded by New Year's Eve). This was also the first day of the year in the original Julian calendar

Other cultures observe their traditional or religious New Year's Day according to their own customs, typically (though not invariably) because they use a lunar calendar or a lunisolar calendar. Chinese New Year, the Islamic New Year,
