Sub:- Approval for Internship.

Dear Shyam Sunder sir,

I am writing this letter in response to your student request dated on 01-02-2020. We are delighted to accept the request of internship for your student in hospital. We are interested to take your student PYKARAO MAHALAXMI for doing internship for month of 01-04-2020 to 31-06-2020.During this period PYKARAO MAHALAXMI is accepted to do intern in our hospital.

She should attend regularly to the hospital without fail and we are expecting punctuality in her works. finally we are approving her to do as intern.

A.SHYAM SUNDER SIR,
Head Of The Department,
DEPARTEMENT OF PHARMACY,

LETTER OF COLLABORATION

We hope this letter finds you in good health and high spirits. I am writing on behalf of Balaji Institute of Technology and Science to propose collaboration between our institute and Balaji Institute of Pharmaceutical sciences. We believe that a partnership between our two colleges would not only benefit our respective faculties and students but also contribute to the advancement of research, education, and innovation in the fields of engineering and pharmacy.

We acknowledge that engineering and pharmacy are two distinct disciplines, but they share common ground in various areas such as biotechnology, pharmaceutical engineering, biomedical engineering, and drug delivery systems

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (25/07/2020-24/7/2023)

Research Collaboration: We propose initiating joint research projects that combine the strengths of our engineering and pharmacy faculties.

Student Exchange Programs: We believe that exposure to diverse academic environments enriches students' educational experiences. Through student exchange programs, we can facilitate the exchange of knowledge, skills, and cultural perspectives between our engineering and pharmacy students.

Joint Workshops and Seminars: Collaborative workshops and seminars will provide a platform for faculty members and students from both colleges to share their expertise, research findings, and best practices.

We are confident that a partnership between two institutes will yield mutually beneficial outcomes and strengthen our positions as leading institutions in our respective fields.

Thank you for considering our proposal. We remain open to any suggestions or modifications you may have to further refine this collaboration.

Sincerely,

Principal BITS

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to explore the potential for collaboration between Balaji Institute of Management sciences and Balaji Institute of Pharmaceutical sciences with the aim of fostering interdisciplinary learning and creating new opportunities for our students.

The landscape of the professional world is evolving rapidly, and industries are becoming increasingly interconnected. Recognizing this shift, we believe that collaboration between our institutions would provide a unique and comprehensive educational experience to our students.

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (10/06/2020-13/6/2023)

Joint Workshops and Seminars: We propose organizing joint workshops and seminars where students from both colleges can engage in discussions and explore interdisciplinary topics. These sessions could cover subjects such as healthcare management, pharmaceutical marketing, entrepreneurship in the pharmaceutical industry, and strategic management.

Exchange Programs: We envision implementing exchange programs where students from the MBA program can spend few classes in semester at your institute and pharmacy students can gain exposure to business concepts through coursework at Balaji Institute of Management sciences.

Guest Lectures and Industry Visits: We propose inviting industry experts from the pharmaceutical and healthcare sectors to deliver guest lectures and organize industry visits for students.

We firmly believe that collaboration between two institutes will not only enhance the academic experience but also promote innovation, cross-disciplinary thinking, and professional development among our students.

We would be delighted to further discuss the possibilities of collaboration and explore specific avenues where our institutions can work together. I kindly request a meeting at your convenience to delve deeper into this proposal.

Thank you for considering this collaboration proposal. We look forward to your positive response and the prospect of joining hands to create a transformative educational experience for our students.

Yours sincerely,

Principal (MBA)

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to explore the possibility of establishing a collaborative partnership between our esteemed institutions, **Balaji Institute of Education** and **Balaji Institute of Pharmaceutical sciences**. After considering the potential benefits such collaboration can bring to our students and faculties, I believe that working together would greatly enhance the quality of education we provide and open up new avenues for growth and development.

Both our institutions have a strong reputation for excellence in their respective fields, and by joining forces, we can create a unique and enriching educational experience for our students.

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (13/08/2020-14/9/2023)

Research and Development: By pooling our expertise and resources, we can initiate joint research projects that explore the intersection of education and pharmacy. This interdisciplinary research can lead to the development of innovative teaching methods, educational technologies, and advancements in pharmaceutical practices.

Faculty Collaboration: Our faculties can engage in joint workshops, seminars, and conferences to share their expertise, exchange ideas, and collaborate on research projects. This collaboration would promote professional growth, create networking opportunities, and inspire new teaching methodologies.

Community Outreach: Together, we can organize community outreach programs that combine the knowledge and skills of education and pharmacy to address local healthcare and educational needs. This collaborative effort will demonstrate our commitment to social responsibility and contribute to the betterment of society.

I believe that our collaboration would be mutually beneficial, empowering our students and faculties to thrive in an increasingly interconnected and interdisciplinary world. By combining the strengths of our institutions, we can create a unique educational model that sets new benchmarks in educational excellence.

I would be delighted to discuss this collaboration proposal further and explore ways in which we can effectively implement this partnership.

Thank you for considering this proposal. I eagerly look forward to the possibility of working together and forging a successful collaboration between our institutions. Your positive response will be highly appreciated.

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to propose collaboration between **Balaji Institute of Pharmaceutical sciences** and **Balaji Institute of Nursing** with the aim of fostering interdisciplinary cooperation and enhancing the education and training of our students in the fields of nursing and pharmacy.

Recognizing the vital role that nurses and pharmacists play in healthcare, we believe that a collaborative effort between our respective institutions would be highly beneficial.

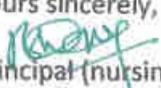

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (13/07/2020-14/7/2023)

Joint Workshops and Seminars: Organizing joint workshops and seminars on topics of common interest will allow our students and faculty members to exchange knowledge, share best practices, and enhance their understanding of the interdependencies between nursing and pharmacy.

Clinical Training: Creating opportunities for our nursing and pharmacy students to engage in collaborative clinical experiences will enhance their understanding of the roles and responsibilities of each profession, as well as the importance of effective inter professional communication and teamwork in delivering high-quality patient care.

We are eager to discuss this collaboration further and explore the specific details and modalities of our partnership. I would be delighted to schedule a meeting at your convenience to delve into the possibilities and map out a plan for implementation.

Thank you for your attention to this proposal. We believe that together, our nursing and pharmacy colleges can make a significant impact on the education and training of future healthcare professionals.

Yours sincerely,

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this 5th day of August 2019 by and between:

Balaji Institute of Pharmaceutical Sciences, Laknepally (V), Narsampet (M), Dist: Warangal - 506331, Telangana State, India, represented herein by its Principal, Dr.N.Raghunandan, (hereinafter referred to as the "FIRST PARTY"),

AND

A-ONE ENGINEERING WORKS, an ISO 9001:2015 Certified Company incorporated under the laws of India, having its Registered Office at, 2073,Bhandup Industrial Estate, Pannalal Compound ,LBS Marg Bhandup(W),Mumbai-400078 Maharashtra, (hereinafter referred to as the "SECOND PARTY").

Both parties recognize the mutual benefits of collaboration in promoting innovative solutions for the pharmaceutical industry. We are eager to collaborate with Balaji Institute of Pharmaceutical Sciences on a project concerning the partial prototype design of a tablet mold.

Both parties agree to cooperate and work together to achieve the objectives mentioned in this MOU.

We recognize the expertise and experience that [Recipient's Company] has gained in the field of mold design, and we believe that a collaborative effort between our two organizations would result in a superior final product. Our goal is to develop a high-quality tablet mold that meets the specific requirements of our clients in terms of precision, efficiency, and durability.

Outlined below are the key points we propose for this collaboration:

Scope of Work: The collaboration will focus on the partial prototype design of a tablet mold, encompassing the critical aspects such as design, material selection, and manufacturability.

Technical Expertise: [Your Company] will contribute its extensive knowledge in pharmaceutical manufacturing, tablet production, and industry best practices. [Recipient's Company] will bring its expertise in mold design, including innovative techniques and cutting-edge technologies.

Resource Sharing: Both parties agree to share relevant technical resources, including design specifications, engineering drawings, and access to necessary software tools. We will collaborate closely to ensure effective communication throughout the project duration.

Intellectual Property: Any intellectual property developed during the collaboration will be jointly owned by [Your Company] and [Recipient's Company]. Both parties will have equal rights to utilize the developed intellectual property for their respective business purposes, subject to mutually agreed-upon terms and conditions.

Confidentiality: Both parties understand and acknowledge the importance of maintaining strict confidentiality regarding any proprietary information shared during the collaboration. We will ensure the protection of sensitive data and trade secrets through appropriate non-disclosure agreements.

Timeline and Milestones: A detailed project plan, including specific milestones and deadlines, will be jointly developed to ensure project progress and timely completion.

We are confident that this collaboration will result in a successful partnership, combining our strengths to deliver an outstanding partial prototype design of the tablet mold. We look forward to further discussing the project specifics and working closely with your team.

Memorandum of Understanding

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this 25th day of November 2018 by and between:

Balaji Institute of Pharmaceutical Sciences, Laknepally (V), Narsampet (M), Dist: Warangal - 506331, Telangana State, India, represented herein by its Principal, Dr. N.Raghunandan, (hereinafter referred to as the "FIRST PARTY"),

AND

SPINCO TECH PVT LTD, a Company incorporated under the laws of India, having its Registered Office at Perungudi industrial estate Chennai-600096, (hereinafter referred to as the "SECOND PARTY").

Both parties recognize the mutual benefits of collaboration in promoting analytical testing and research, fostering innovation in the pharmaceutical sector.

Both parties agree to cooperate and work together to achieve the objectives mentioned in this MOU.

The purpose of this MOU is to establish a framework for cooperation and outline the terms and conditions under which **SPINCO TECH PVT LTD** will provide analytical services to **Balaji Institute of Pharmaceutical Sciences** the key details of our proposed collaboration are as follows:

Scope of Services:

SPINCO TECH PVT LTD will perform analytical testing and analysis services as required by **Balaji Institute of Pharmaceutical Sciences** the specific services to be provided will be detailed in individual work orders or project agreements.

Quality Assurance:

SPINCO TECH PVT LTD will adhere to all relevant quality standards and procedures in performing the analytical services.

Both parties will collaborate closely to ensure the accuracy and reliability of the test results.

Reporting and Documentation:

SPINCO TECH PVT LTD will provide comprehensive and timely reports for each analysis conducted. **Balaji Institute of Pharmaceutical Sciences** will have access to the test results, data, and any other relevant documentation generated during the analysis process.

CO CARE PROPOSAL

Confidentiality:

Both parties recognize the importance of protecting confidential information exchanged during the course of this collaboration.

All information provided by either party will be treated as confidential and will not be disclosed to third parties without prior written consent.

Term and Termination:

This MOU shall remain in effect for a period of 05years from the effective date.

Either party may terminate this agreement with mutual concern with a written notice.

This MOU is a preliminary step towards establishing a more formal agreement between our organizations. We believe that our collaboration will enhance our capabilities, drive innovation, and contribute to the success of both parties. Should you agree to this proposal, we can proceed to develop a more detailed agreement that will govern our working relationship.

Thank you for considering this collaboration opportunity. We value the expertise and reputation of SPINCOTECH PVT LTD and believe that our organizations can achieve great things together.

Entrepreneurship Development – Institutional Association MOU

This non-binding memorandum of understanding ("MOU") is signed on 26-JULY-2017.
(Effective Date) by and between:

Name:

BALAJI INSTITUTE OF PHARMACEUTICAL SCIENCES (BIPS)
hereinafter referred to as "Partner Institute" (which expression shall, unless it be repugnant to the subject or context thereof, include its successors and permitted assigns).

Address:

LAKNEPALLY (Village)
Narsampet (Mandal) ; Warangal Rural - 506331

Registered under:

MAHESHWARA EDUCATIONAL SOCIETY

And

Wadhvani Operating Foundation, a California nonprofit public benefit corporation, with offices at Four Main Street, Suite 120, Los Altos, CA 94022, hereinafter referred to as "WOF", (which expression shall, unless it be repugnant to the subject or context thereof, include its successors and permitted assigns).

This MOU is non-binding in nature and does not create any legal obligations between the Parties, except for the intellectual property provisions in Section 5, confidentiality provisions in Section 7 and dispute resolution provisions in Section 10. The Partner Institute and WOF agree to work together to systematically develop the entrepreneurship programs described below.

Partner Institute and WOF are hereinafter individually referred to as a "Party" and collectively as the "Parties" as the context may require.

Terms of the Entrepreneurship Development – Institutional Association MOU:

1. Objectives:

- Introduce and/or strengthen entrepreneurship education on campus through deployment of a systematic approach to optimizing and increasing the impact of teachers and training programs on entrepreneurship education.
- Provide students with the opportunity to become entrepreneurially skilled and inspired to be entrepreneurs.
- Enable aspiring graduating students who start meaningful ventures by connecting them to mentoring platform and related entrepreneur support systems.

2. Roles of the Parties:

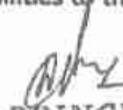

Both Parties commit to sincerely fulfilling their roles and responsibilities to the fullest in order to accomplish their mutual objectives.

Specific responsibilities include:

PRINCIPAL

Balaji Institute of Pharmaceutical Sciences
Laknepally (V), Narsampet (M)
Warangal (Dt) - 506 331 (T.S)

PRINCIPAL

Balaji Institute of Pharmaceutical Sciences
Laknepally (V), Narsampet (M)
Warangal (Dt) - 506 331 (T.S)

WOF shall provide the following:

- Entrepreneurship education methodology, curricula and content:
 - o eContent for blended classroom learning for students that are facilitated by faculty
 - o Guide the setting up of E Cells (student entrepreneurship clubs) to facilitate delivery of practicums that strengthen student experience in entrepreneurship.
- Access to Technology platform to manage the delivery of the blended learning modules and manage student participation on signing of licensing agreement.
- Structure, content and methodology for faculty training as entrepreneurship facilitators and educators for effective blended learning.
- Structure, content and methodology for Student E Leader training (for E Cells).
- Access to Entrepreneur engagement platform E Week.
- Program Advisory service to the entrepreneurship faculty and E Cell leaders.
- Framework for entrepreneurship outcomes and impact assessment measurement.

Partner Institute shall provide the following:

- Develop/strengthen the institutional mandate for entrepreneurship education and development.
- Mainstream (as required or elective courses) entrepreneurship curricula within the Partner Institute for holistic development of students' knowledge, skills and experiences and implemented the courses and practicum as prescribed by WOF-NEN.
- IT infrastructure (sufficient bandwidth to provide live and uninterrupted student-device level access in classroom of WOF content) to enable students to learn using modern blended learning methodologies.
- Designate and support required numbers of motivated faculty towards entrepreneurship and provide for their training. Training will be provided by WOF designated Master Trainers. Institutes will have to bear expenses towards attending such training programs, including their proportion of Master trainer expenses.
- Support practicum programs on campus with required faculty supervision including engagement with entrepreneurs and professionals knowledgeable about venture creation.
- Track and share input data (including WOF courses offered, student sign-up, number of faculty teaching courses), output data (including student course consumption), and outcomes information to measure impact (companies started by students each year). WOF will attempt to automate most of this data collection but Institutes would provide data where it cannot be automated or comply to enable automation of data collection.
- Ensure that periodic training is provided for facilitator and educator through trained master trainers and other infrastructure costs related to running the classroom and practicum programs.
- Partner Institutes will run the programs offered by WOF, including the online course in entrepreneurship (Curriculum) and the E-cell activities (Practicum). Running the program live in the class-room, using internet connectivity, is a critical requirement of the program. Running the program off-line will amount to a breach of the objectives and terms of the MOU.

WOF reserves the right to modify the MoU, if during the course of this program, it becomes evident that it is imperative to do so for the success of the program. Such communication will be sent via email to the registered email address which will be provided at the time of the registration on the Online Learning Platform.

3. Financial Terms: Each Party will bear the costs of meeting its responsibilities described in Section 2 above and will not owe the other Party any amounts pursuant to this MOU.

4. **Review Process:** Both Parties will review progress of the programs conducted pursuant to the MOU on at least a half-yearly basis. The Head of the Partner Institute will participate in the final review for each year to ensure that the management is fully apprised of the development of the programs. The Partner Institute is expected to track progress and data of students, student entrepreneurs, and entrepreneurs that it works with during the course of this association.

5. **Intellectual Property Rights**

- "Intellectual Property" includes creations, domain names, inventions, know-how, trade or business secrets, patents, copyrights, trademarks, logos, designs, works of authorship, software programmes, papers, models, teaching techniques, research projects, databases and instruction manuals.
- Each Party shall retain all rights to its IP and nothing contained in this MOU, nor the use of the IP in the publicity, advertising, or promotional or other material relating to the fulfillment of the obligations of the Parties contained herein shall be construed as giving to any Party any right, title or interest of any nature whatsoever to any of the other Party's IP.
- Partner institute will not copy or reproduce in any form, WOF's IP.

6. **Representations and Warranties:**

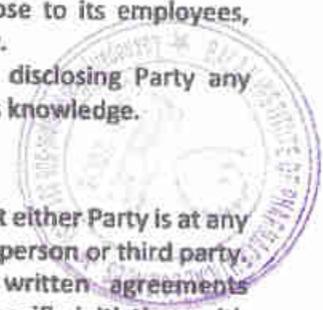

- Each Party hereby represents and warrants that the use of IP made available or contributed by it does not violate the IP rights of any third party.
- Each Party has all requisite power and authority to enter into this MOU and the execution, delivery and performance by such Party of this MOU has been authorised by all necessary and appropriate corporate or governmental action and will not, to the best of its knowledge, violate any applicable law or approval presently in effect and applicable to it.

7. **Confidentiality:**

- The Parties acknowledge that during the term of this MOU each Party may obtain confidential and/or proprietary information of the other Party including, but not limited to, financial or business information, contracts and employee details (collectively, "Proprietary Information"). Such Proprietary Information shall belong solely to the disclosing Party. Proprietary Information shall not include information that is or becomes publicly known through no wrongful act of the receiving Party.
- The receiving Party shall not disclose Proprietary Information to third parties without the prior written consent of the disclosing Party and agrees to undertake reasonable measures to ensure that such is kept confidential and to disclose to its employees, officers, directors or representatives on a need to know basis only.
- The receiving Party also agrees to report immediately to the disclosing Party any unauthorized disclosure of Proprietary Information of which it has knowledge.

8. **Third Party:**

- Nothing in this MOU shall mean or shall be construed to mean that either Party is at any time precluded from having similar arrangements with any other person or third party.
- The Parties shall wherever necessary enter into definite written agreements with/without third parties to facilitate the implementation of specific initiatives with the prior written consent of the other Party. Such agreements will be independent and exclusive of this MOU.
- Each Party will promptly notify the other Party of any potential conflict of interest arising from the conduct of activity pursuant to this MOU as soon as it is known by the

[Handwritten Signature]
PRINCIPAL

Party that becomes aware of the potential conflict.

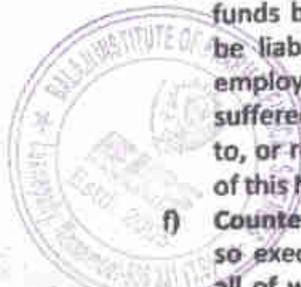

9. Termination:

- a) This MOU is for the duration of three (3) years from the date of this MOU. However, either Party may terminate or extend this MOU by providing 60 days' notice in writing to the other Party. In the event that the Partner Institute would like to continue operating under the terms of the MOU because of student enrollment in courses conducted pursuant to this MOU, despite having received notice of termination from WOF, WOF will support the students until the end of the course, on submission of proof that the enrollments took place before the date of the termination notice.
- b) If the Partner Institute does not fulfil its responsibilities, WOF will discontinue the program and the Partner Institute shall cease to be a member.

10. Dispute Resolution: If a dispute arises concerning the interpretation or implementation of this MOU the Parties agree to settle amicably by mutual consultation or negotiation and shall observe and comply with all laws, rules, and regulations of each other's country where this MOU is performed.

11. Miscellaneous:

- a) **Entire MOU:** This MOU constitutes the entire understanding of the Parties with respect to the Project and supersedes any prior or contemporaneous oral or written understanding or communication between the Parties.
- b) **Amendment:** This MOU shall not be amended, changed, modified in whole or in part except by an instrument in writing signed by both the Parties hereto.
- c) **Relationship of Parties:** Nothing in this MOU shall be construed as creating a relationship of partnership, joint venture, agency or employment between the Parties. Neither Party shall be responsible for the acts or omissions of the other Party, nor shall either Party have the power or authority to speak for or assume any obligation on behalf of the other Party.
- d) **Assignment:** Each Party may assign its rights and obligations under this MOU with the prior written consent of the other Party. Notwithstanding the foregoing, WOF shall be entitled to assign any of its rights and obligations to any of its affiliates without the prior written consent of the Partner Institute. It is clarified that:
- i. The assignment or alienation of any part or whole of the Partner Institute IP or WOF IP shall not be construed to be an assignment of rights or obligations under this MOU; and
- ii. The delegation of any obligations under this MOU by WOF to any person or entity shall not be construed to be an assignment of rights or obligations under this MOU, so long as WOF remains at all times responsible for its obligations under this MOU.
- e) **Indemnity:** This MOU does not contemplate or provide for the exchange of any funds between the Parties. Therefore, save and except for fraud, no Party shall be liable to indemnify or pay damages to the other Party, its officers, directors, employees or agents from and against any liabilities, costs and expense incurred or suffered, or to be incurred or suffered by the other Party that arise out of or relate to, or result from any breach or termination by either Party of any of the provisions of this MOU.
- f) **Counterparts:** This MOU may be executed in two counterparts each of which when so executed and delivered in the English language shall be an original, but all of which shall together constitute one and same instrument.

g) Notice: Either Party may, from time to time, change its respective address or representative for receipt of notices or other communications by giving to the other Party not less than 10 days prior written notice in English.

12. Matters Not Covered by the MOU: The WOF brand is upheld not only because of its thought leadership in entrepreneurship and best practices but also for the quality of its content, program management, delivery standards, material, tools, etc. Hence any co-branding, co-certification and marketing association for a program would be subject to quality assessment on a case-by-case basis with individual partners and respective programs. This MOU does not automatically include co-branding, co-certification or marketing of programs operated by the Partner Institute, and discussions regarding such matters would be on a case-by-case basis between the Partner Institute and WOF.

Name of Partner Institute's key Leader & Co-leader (s) to manage the Entrepreneurship Development Affiliation and its deliverables in Annexure 1.

Please note you are required to notify WOF in writing upon making a change at membership@wfglobal.org

WOF Affiliation for your institute during the current year will be managed by the following member of the WOF team. Details in Annexure 1.

We have read the above information and agree that the Partner Institute will engage in the WOF Entrepreneurship Development Affiliation. We understand that this guidance and support will enhance the value of our experience and speed of development in entrepreneurship education.

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing on behalf of Balaji Institute of Technology and Science to propose collaboration between our institute and Balaji Institute of Pharmaceutical sciences. We believe that a partnership between our two colleges would not only benefit our respective faculties and students but also contribute to the advancement of research, education, and innovation in the fields of engineering and pharmacy.

We acknowledge that engineering and pharmacy are two distinct disciplines, but they share common ground in various areas such as biotechnology, pharmaceutical engineering, biomedical engineering, and drug delivery systems

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (20/07/2017-19/7/2020)

Research Collaboration: We propose initiating joint research projects that combine the strengths of our engineering and pharmacy faculties.

Student Exchange Programs: We believe that exposure to diverse academic environments enriches students' educational experiences. Through student exchange programs, we can facilitate the exchange of knowledge, skills, and cultural perspectives between our engineering and pharmacy students.

Joint Workshops and Seminars: Collaborative workshops and seminars will provide a platform for faculty members and students from both colleges to share their expertise, research findings, and best practices.

We are confident that a partnership between two institutes will yield mutually beneficial outcomes and strengthen our positions as leading institutions in our respective fields.

Thank you for considering our proposal. We remain open to any suggestions or modifications you may have to further refine this collaboration.

Sincerely,

Principal BITS

02/02/2017

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to explore the potential for collaboration between **Balaji Institute of Management sciences** and **Balaji Institute of Pharmaceutical sciences** with the aim of fostering interdisciplinary learning and creating new opportunities for our students.

The landscape of the professional world is evolving rapidly, and industries are becoming increasingly interconnected. Recognizing this shift, we believe that collaboration between our institutions would provide a unique and comprehensive educational experience to our students.

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (02/02/2017-03/6/2020)

Joint Workshops and Seminars: We propose organizing joint workshops and seminars where students from both colleges can engage in discussions and explore interdisciplinary topics. These sessions could cover subjects such as healthcare management, pharmaceutical marketing, entrepreneurship in the pharmaceutical industry, and strategic management.

Exchange Programs: We envision implementing exchange programs where students from the MBA program can spend few classes in semester at your institute and pharmacy students can gain exposure to business concepts through coursework at **Balaji Institute of Management sciences**.

Guest Lectures and Industry Visits: We propose inviting industry experts from the pharmaceutical and healthcare sectors to deliver guest lectures and organize industry visits for students.

We firmly believe that collaboration between two institutes will not only enhance the academic experience but also promote innovation, cross-disciplinary thinking, and professional development among our students.

We would be delighted to further discuss the possibilities of collaboration and explore specific avenues where our institutions can work together. I kindly request a meeting at your convenience to delve deeper into this proposal.

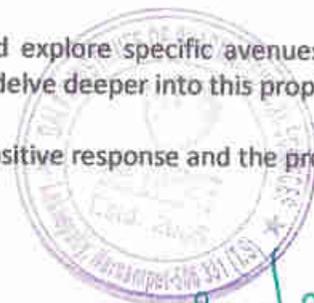

Thank you for considering this collaboration proposal. We look forward to your positive response and the prospect of joining hands to create a transformative educational experience for our students.

Yours sincerely,

Principal (MBA)

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to explore the possibility of establishing a collaborative partnership between our esteemed institutions, Balaji Institute of Education and Balaji Institute of Pharmaceutical sciences. After considering the potential benefits such collaboration can bring to our students and faculties, I believe that working together would greatly enhance the quality of education we provide and open up new avenues for growth and development.

Both our institutions have a strong reputation for excellence in their respective fields, and by joining forces, we can create a unique and enriching educational experience for our students.

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (11/07/2020-10/7/2020)

Research and Development: By pooling our expertise and resources, we can initiate joint research projects that explore the intersection of education and pharmacy. This interdisciplinary research can lead to the development of innovative teaching methods, educational technologies, and advancements in pharmaceutical practices.

Faculty Collaboration: Our faculties can engage in joint workshops, seminars, and conferences to share their expertise, exchange ideas, and collaborate on research projects. This collaboration would promote professional growth, create networking opportunities, and inspire new teaching methodologies.

Community Outreach: Together, we can organize community outreach programs that combine the knowledge and skills of education and pharmacy to address local healthcare and educational needs. This collaborative effort will demonstrate our commitment to social responsibility and contribute to the betterment of society.

I believe that our collaboration would be mutually beneficial, empowering our students and faculties to thrive in an increasingly interconnected and interdisciplinary world. By combining the strengths of our institutions, we can create a unique educational model that sets new benchmarks in educational excellence.

I would be delighted to discuss this collaboration proposal further and explore ways in which we can effectively implement this partnership.

Thank you for considering this proposal. I eagerly look forward to the possibility of working together and forging a successful collaboration between our institutions. Your positive response will be highly appreciated.

Yours sincerely,
Principal (B.Ed.)

LETTER OF COLLABORATION

I hope this letter finds you in good health and high spirits. I am writing to propose collaboration between Balaji Institute of Pharmaceutical sciences and Balaji Institute of Nursing with the aim of fostering interdisciplinary cooperation and enhancing the education and training of our students in the fields of nursing and pharmacy.

Recognizing the vital role that nurses and pharmacists play in healthcare, we believe that a collaborative effort between our respective institutions would be highly beneficial.

Outlined below are the key areas where our collaboration can yield significant benefits for 3 years (11/07/2017-12/7/2020)

Joint Workshops and Seminars: Organizing joint workshops and seminars on topics of common interest will allow our students and faculty members to exchange knowledge, share best practices, and enhance their understanding of the interdependencies between nursing and pharmacy.

Clinical Training: Creating opportunities for our nursing and pharmacy students to engage in collaborative clinical experiences will enhance their understanding of the roles and responsibilities of each profession, as well as the importance of effective inter professional communication and teamwork in delivering high-quality patient care.

We are eager to discuss this collaboration further and explore the specific details and modalities of our partnership. I would be delighted to schedule a meeting at your convenience to delve into the possibilities and map out a plan for implementation.

Thank you for your attention to this proposal. We believe that together, our nursing and pharmacy colleges can make a significant impact on the education and training of future healthcare professionals.

Yours sincerely,

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this 16th day of June 2016 by and between:

Balaji Institute of Pharmaceutical Sciences, Laknepally (V), Narsampet (M), Dist: Warangal - 506331, Telangana State, India, represented herein by its Principal, Dr. A. Shyam Sunder, (hereinafter referred to as the "FIRST PARTY"),

AND

EEVA IP&IT SERVICES PVT LTD, a Company incorporated under the laws of India, having its Registered Office at HIG -139, 1st Floor, Bharat Nagar Colony, Moosapet, Hyderabad - 500018, Telangana, (hereinafter referred to as the "SECOND PARTY").

Both parties recognize the mutual benefits of collaboration in promoting entrepreneurial skills and fostering innovation in the pharmaceutical sector.

Both parties agree to cooperate and work together to achieve the objectives mentioned in this MOU.

NOW, THEREFORE, the parties hereby agree as follows:

1. Facilitate diverse workshops on Entrepreneurship Development to foster entrepreneurial skills.
2. Provide hands-on training sessions on Entrepreneurship Development, enabling practical application of concepts.
3. Foster the creation of self-employment opportunities to promote entrepreneurship.
4. Offer comprehensive support to students in establishing their own start-ups.
5. Facilitate the placement of trained students in suitable positions.
6. Coordinate and facilitate training programs for students.
7. Host engaging guest lectures to provide insights from industry experts.
8. Facilitate placements in renowned companies to enhance career prospects.

MEMORANDUM OF UNDERSTANDING

Memorandum of Understanding (MOU) between **Balaji Institute of Pharmaceutical Sciences**
and **Starcom Information Technology Ltd**

This Memorandum of Understanding (MOU) is entered into **Balaji Institute of Pharmaceutical Sciences**, hereinafter referred to as "Organization," and **Starcom Information Technology Ltd**, hereinafter referred to as Software Pvt Ltd, collectively referred to as the "Parties."

The purpose of this MOU is to establish a collaborative partnership between the Organization and Software Pvt Ltd to develop and implement statistical applications in healthcare. Both parties recognize the importance of leveraging statistical analysis and data-driven approaches to improve healthcare outcomes and advance medical research.

Scope of Collaboration

a. The Organization and Software Pvt Ltd will collaborate to develop innovative statistical applications and solutions specifically tailored for the healthcare industry. This may include but is not limited to:

- Developing predictive models for disease diagnosis and prognosis.
- Analyzing clinical trial data to identify treatment efficacy and adverse events.
- Implementing statistical methodologies to optimize healthcare resource allocation.
- Designing experiments and conducting statistical analysis for medical research.

b. The Parties will exchange knowledge, expertise, and resources necessary to fulfill the objectives of this collaboration. This may involve sharing datasets, research findings, software tools, and other relevant information as mutually agreed upon.

Responsibilities:

a. The Organization will:

Provide access to healthcare datasets (where applicable) and contribute domain expertise.

Allocate resources and personnel as necessary to support the collaboration.

Facilitate communication and coordination between relevant stakeholders within the Organization.

b. Software Pvt Ltd will:

- Provide software development expertise to design and implement statistical applications.
- Collaborate with the Organization's team to understand the specific requirements and objectives of each project.
- Ensure the confidentiality and security of any shared data or sensitive information.

Intellectual Property:

- Any intellectual property developed jointly as a result of this collaboration will be jointly owned by the Organization and Software Pvt Ltd, unless otherwise agreed upon in writing by both Parties.
- The Parties will negotiate in good faith to establish the rights, responsibilities, and potential commercialization of any jointly developed intellectual property.

Term and Termination:

- This MOU will be effective as of the(11/7/2017) first written above and will remain in effect for a period of **05 years** unless terminated by mutual written agreement or upon completion of the agreed-upon projects.
- Either Party may terminate this MOU with a written notice of 30 days to the other Party.

Governing Law and Dispute Resolution:

This MOU will be governed by and construed in accordance with the laws of Telangana state. Any disputes arising out of or in connection with this MOU will be resolved amicably through negotiation and, if necessary, by mediation or arbitration.

Entire Agreement:

This MOU constitutes the entire understanding and agreement between the Parties with respect to the subject matter herein and supersedes all prior discussions, negotiations, and agreements.
